10 Erg USB Racing Setup

USB 2.0 Cables

IMPORTANT!
When connecting
one hub to another,
you MUST plug into
port 1 or 3 only.

The USB cable connecting the PC to a hub, and
connecting hubs together, should be USB 2.0 cables.

The USB cables connecting the PM to a hub
can be either USB 2.0 or USB 1.1 cables.

USB 2.0 Cables

1m

IMPORTANT!
Hubs MUST
be plugged into
a power source!
